

Works with **WELL**™

Milliken™

Project: Admiral Insurance, Cardiff, United Kingdom  
Collection: NORTHERN SOUL

## Milliken's commitment to advancing products and solutions that support human health and well-being is long-standing.

As a founding member of the **Well Living Lab** and a **Well Portfolio Member**, we aspire to design products that enhance the well-being and quality of life of indoor spaces.

We are proud to have been granted The **Works with WELL**™ licence across an extensive selection of our global product portfolio, demonstrating how Milliken floor covering products align with specific strategies in the WELL Standard, the leading global standard for health and well-being.

## About Works with WELL™

The Works with WELL trademark licensing program recognises products and solutions that contribute to achieving specific features in the WELL Standard. Products that have earned the Works with WELL mark have been validated through one or more review cycles to give specifiers the maximum confidence in their material selections, whether working on a WELL-Certified project or simply wanting to ensure they are adopting best practices for healthy, sustainable, people-first spaces for their clients.

# Milliken Floorcovering Works with WELL™

With over 800 product options listed, Milliken's modular flooring works to support the following WELL Building Standard concepts:

**AIR**

**WATER**

**MATERIAL**

**MOVEMENT**

**MIND**

By aligning with up to 14 WELL feature specifications, our products can contribute to the achievement of 14 points and help to meet 2 preconditions.
