

HAVE IT **ALL**

ALL THREE LAYERS

ALL NON-PFAS

ALL NFPA 1971-2018 CERTIFIED

Milliken is committed to bringing firefighters the most cutting edge fabrics to do their jobs comfortably, safely and efficiently. With the introduction of the Assure™ moisture barrier, there is now a commercially available three-layer non-PFAS turnout gear option that doesn't sacrifice health, safety or performance.

Headquartered in South Carolina, our material science experts, comprised of over 110 PhDs, hold more than 5,200 textile-related patents. Add on 80+ years of FR expertise as a company and there's no one more equipped to protect our first responders.
