

SimplyFR™

THE MATTRESS TECHNOLOGY THAT'S WAKING UP THE INDUSTRY.

Forms a protective shield, keeping heat and fire away from the foam

Fiberglass, modacrylic and antimony free

Superior stretch that maximizes comfort

Meets and exceeds current regulations

This advanced fire-resistant barrier is bringing a more comfortable layer of safety to the mattress industry. There's no fiberglass. No unnecessary chemicals. Plus, it's designed with the same type of material that front-line firefighters wear and rely on. Get peace of mind in its smartest form with SimplyFR™.
