MILLIKEN SPRING 2025 CREATIONS

# EVERYTHING COMES FULL CIRCLE

Introducing Milliken's latest collections—where the best of the past meets the innovation of today. Built on the success of classic collections, these products evolve and expand on performance, design, and comfort, bringing them full circle. Inspired by the stories and spaces that shape us, each product is thoughtfully crafted to honor tradition while embracing the future with timeless style and lasting durability.

## ECHO FIELD

Inspired by the rhythmic flow of landscapes seen from an airplane window, the Echo Field collection invites you to step into a world where vast landscapes filled with the serenity of nature and organic patterns unfold beneath your feet. With its 2 patterns and 13 colors, Echo Field mirrors the patchwork of colors and textures found in cultivated landscapes.

## FREE SPACE

Shared spaces foster a spirit of creativity and innovation; a place for all people to gather. Introducing Free Space, a diverse flooring collection suited for a wide variety of applications. Inspired by connections made in third spaces, places outside of our homes and work where we build community, this collection features 6 designs and 16 colors.

## NIBI

Introducing Nibi, a Reconciliation Through Design collection, honoring Indigenous culture, history, and design. Drawing its namesake from the Anishinaabemowin word for 'water,' Nibi embodies a spirit of resilience, renewal and restoration. Featuring five patterns and six colors, this collection is a manifestation of handmade history.

## LUMENOLOGY FLEXFORM LVT™

We believe institutional spaces can be bright, welcoming environments with the simple introduction of color, texture and pattern. Lumenology resilient flooring allows you bring light and energy into any space with its diverse color palette. Part of the Crafted in America series, Lumenology resilient products are domestically made to ensure reliable, timely delivery.

## OBEX™ TILE

OBEX™ Tile Entrance Flooring's modular system installs easily and combines moisture-absorbing nylon and dirt-scraping monofilament fibers to trap dirt and prevent up to 98% of debris from entering a facility. An extensive selection of materials, patterns and colors contribute high-performing entry systems without compromising creative freedom.

## RED LIST FREE

Healthy materials are the foundation for effective circularity, reducing community pollution and cleaner living for all.

- The Living Building Challenge Red List contains the “worst in class” materials, chemicals and elements known to pose serious risks to human health and the greater ecosystem.
- Red List Free certification is the absence of Red List chemicals in building and home furnishings.
- Our products have been completely vetted and verified to contain no Red List Chemicals at levels at or above 100 ppm or 0.01 percent.
- Affords superior recycling potential of clean-based products.

Achieving LBC Red List Free is a commitment to significantly cut down on the output and use of harmful chemicals. It reflects our company’s prioritization on human health and ensuring a brighter future for generations to come.

## M/PACT™ Carbon Neutral Product

Climate change is one of the greatest threats facing humanity. That’s why our modular flooring products are carbon neutral everywhere in the world. Let’s work together for a better tomorrow.

## Sustainable features

Our carpet products are manufactured with PVC-Free WellBAC® Comfort cushion backing, and are certified NSF-140 Gold. Some collections are also available with our NSF-140 Platinum backing option. All Milliken modular carpets carry Environmental Product Declarations and Health Product Declarations, which contribute to LEED certification. Additionally, Milliken modular carpets carry Declare® transparency labels and comply with the Red List Imperative of the Living Building Challenge.™

Milliken’s durable, resilient flooring is PVC-Free and Red List Free. Each product is engineered to be both striking and sustainable, helping you find a no-compromise pathway to reach your sustainability goals and simultaneously achieving desired aesthetics. All production waste is granulated and recycled into backing production to create an internal closed loop recycling process.

Milliken resilient flooring meets many environmental standards, including FloorScore® certified, Prop 65 Free and Phthalate Free, Certified EPD, Red List Free, Declare, and Practice Greenhealth.
