

Milliken®

Treating Solutions™

Advanced Seed Treatment Technology

COLORANTS

Treating Solutions Colorants are water-based color systems specifically formulated to impart an unnatural color to seed treated with active ingredients. Regardless of size, shape, or texture, these colorants are designed to offer the best performance, efficiency, and ease of application for most seed types.

The following is a sampling of available products that meet EPA's FIFRA 40 CFR and Europe's (EU) REACH compliance criteria. Our EU REACH compliant products ensure long-term portfolio sustainability and allow Milliken to better serve our global customers.

For customized color solutions, please contact your Milliken representative.

	PRODUCT NAME
	FIFRA 40 CFR SUPPORTED
	Treating Solutions Red 1048/1248*
	Treating Solutions Red 1049

	Treating Solutions Purple 1025
	Treating Solutions White 1006

Standard pack sizes: 2 x 2.5 Gal | 30 Gal | 250 Gal

Although our products are rigorously tested in combination with most standard flowable insecticide and fungicide formulations, it is not possible to test every available active ingredient package and seed combination on the market. Milliken & Company can discuss additional testing on your specific active ingredient package and crop to identify the best product and use rate for your operation.

Please contact your Milliken representative for any additional information.

PLEASE NOTE: As each customer's use of our product may be different, information we provide, including without limitation, recommendations, test results, samples, care/labeling/processing instructions or marketing advice, is provided in good faith but without warranty and without accepting any responsibility/liability. Each customer must test and be responsible for its own specific use, further processing, labeling, marketing, etc. All sales are exclusively subject to our standard terms of sale posted at www.milliken.com/terms (all additional/different terms are rejected) unless explicitly agreed otherwise in a signed writing.
